

# TECHNYL®

## ADVANCED SOLUTIONS FOR CONNECTIVITY

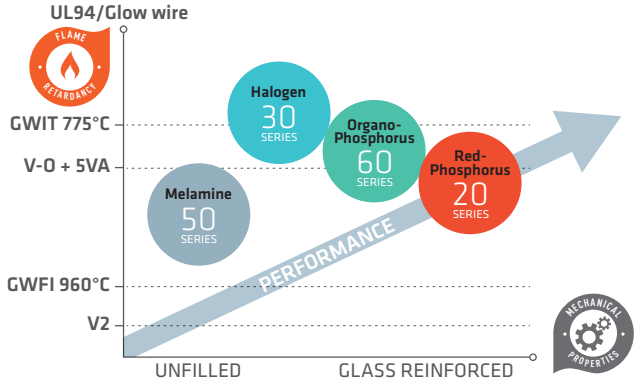

WHEN FAILURE IS NOT AN OPTION...

- **A complete offer for safer parts**
- Electro-friendly materials **reducing corrosion risk**
- **Best-in-class solutions for Fire Resistance (FR)**
- **Orange grades for High Voltage parts** warning and protection
- **UL Certified Laboratory** in Europe

## CHALLENGE THE FLAME RETARDANCY PERFORMANCE

An extended range of FR materials to meet the most stringent safety stakes

## EASE THE IDENTIFICATION OF HIGH VOLTAGE PARTS

3 colors available in FR or NON FR grades

	RAL 2003	RAL 2008	RAL 2011
Colour			
Flame retardant			
Non flame retardant			

## PREPARE THE FUTURE OF E-MOBILITY

Electro-friendly materials with 3 levels of purity to answer new mobility needs
